

Introducing the
easyLINING
Boston Oak[™]
Collection

easyLINING *Boston Oak*[™] Collection

Easycraft has been shaping Australian interiors for over 35 years, delivering decorative linings that balance design, quality and ease of installation. Proudly Australian Made and owned, easycraft products are trusted by architects, designers and builders for their refined aesthetics and lasting performance.

The easyLINING range reimagines classic panelling for contemporary spaces. Crafted from high-quality, moisture-resistant MDF, each board features a concealed tongue and groove join for a clean, refined look. Suitable for both residential and commercial interiors, easyLINING combines style and practicality in equal measure.

Well known in the Australian design and building industry, easycraft leads in decorative wall linings while **polytec** brings its expertise in decorative finishes.

Together, they have made it easy for you to create a cohesive look across your interior spaces for walls and joinery, creating a new easyLINING range which includes the signature colours from **polytec**'s popular Boston Oak[™] Collection. The result of this synergy is a versatile, design-led solution that allows architects and designers to achieve interiors with a consistent material palette and high-quality finish.
