J PULL HANDLE

polytec.com.au

J Pull Handle

The **polytec** J Pull Handle is an 18mm MDF Decorative Door with an integrated handle profile routed directly into the door edge. The handle can be positioned along the top or vertical edge to suit drawers, base cabinets, overhead cupboards and tall doors, creating a clean finish without external hardware.

Made-to-order in selected colours and finishes, the door and handle can be specified in matching or contrasting colours. Timberprint handle edging is available in vertical and horizontal grain directions to suit the handle position and maintain the intended grain orientation.

How To Specify J Pull Handle

IN TWO EASY STEPS

The J Pull Handle can come with matching door and handle colour or contrasting for a more tailored look.

Step 1. Choose your door colour

Step 2. Select your handle colour

Note: Discuss grain directions and handle placement with your cabinetmaker or joiner.

FEATURES & BENEFITS

- 18mm decorative door construction
- Horizontal and Vertical grain direction options
- Horizontal or Vertical Integrated routed handle
- Matching or contrasting colour options
- No external hardware required
- Made-to-order in selected colours and finishes

polytec swatches and samples represent a small area of the overall colour structure. To view the large colour sample, visit **polytec**.com.au.

Dark coloured surfaces will show fingerprints and require more care and maintenance than lighter coloured surfaces. **polytec** recommends testing a product sample prior to colour selection.

Nothing to Add.
Everything to Love.

Environment & Sustainability

polytec is a 100% Australian family-owned brand with over 30 years of manufacturing experience. Sustainability is central to our operations, with a focus on reducing our carbon footprint, minimising waste, improving energy efficiency, and using responsibly sourced materials. For more, visit our website, **polytec**.com.au.

polytec provides independently verified Environmental Product Declarations (EPDs) for MDF and Particleboard products offering transparent insights into their environmental impacts and supporting informed material selection and sustainable building outcomes.

Important

Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour.

To order your free colour sample visit **polytec**.com.au.

polytec swatches and samples represent a small area of the overall colour structure. To view a large colour sample or a full sheet design, visit **polytec**.com.au. The use of our current samples gives the colour and finish that a customer would expect to receive.

Samples are provided for colour and finish selection and **polytec** recommends testing a sample for fingerprint resistance and ease of cleaning. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group. We do not guarantee grain matching.

Some inspiration imagery is digitally rendered and should be used as a guide only.

Complementary Ranges

polytec products are designed to work together, offering adaptable interior solutions. Consistent colours, finishes, and textures allow for easy mixing and matching while maintaining a unified look, simplifying design across residential and commercial spaces.
