Smokey Grey Mirror with Black edge

Mirror with White edge

Mirror with Natural Oak edge

polytec's latest Mirror Panels products are made from 16mm particleboard substrate with 4mm glass, available in White and Black Matt options. **polytec's** Mirror Panels are available with a standard annealed mirror, and smokey mirror options.

Current edgetape options include black and white, with contrast edging available at an additional cost. Hinge holing and wall fixing rebate are available for all Mirror Panels, no minimum quantity with all requests available to be quoted.

The new Mirror Panels are available for use as an independent mirror, shaver cabinet, wall panelling and ceiling panels applications.

Features:

- Residential and commercial applications
- No minimum order quantity
- Available with hinge holes and wall fixing rebate

The Single Sided Mirror Panel uses a standard annealed mirror that is adhered to a solid backing board using Silicone to meet the requirements as per standard AS 1288 and the Mirror Glass complies with AS 2208.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au.

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and **polytec** recommend testing a sample for fingerprint resistance and ease of cleaning. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Visit www.polytec.com.au for specific care and cleaning information.
