VISTA DOOR DESIGN

MULTI-PIECE DOORS

polytec.com.au

Designed to Be Noticed.
Because Details Matter.

polytec's Vista Door Design is a contemporary five-piece door defined by precise mitred construction, delivering depth, structure and clarity through considered design.

Developed and manufactured in Australia, the Vista Door Design introduces a contemporary sharp-edged profile to the **polytec** portfolio. Engineered using advanced manufacturing processes, it combines architectural precision with the warmth of a multi-piece door, creating a modern interpretation of a classic form.

Responding to a growing demand for a sharper, more architectural multi-piece door, Vista delivers a premium aesthetic without the premium price. The Vista Door Design offers durability, design flexibility and the ability to introduce subtle or striking contrast detailing.

The Vista Door Design can be specified with a matching frame and insert for a unified appearance, or paired with a contrasting insert to highlight the frame and add visual depth. This flexibility allows designers to create either a cohesive aesthetic or a more defined feature within a space.

- Made to order product
- Vista door designs are 21mm thick
- A multi-piece door featuring a 20mm wide frame and a 16mm decorative insert panel
- Seven frame options from our popular Woodmatt® finish
- Minimum size 120mm high by 147mm wide
- Maximum size 2900mm high by 1200mm wide

Crafted with world-class machinery and refined assembly processes, the Vista Door Design achieves the balance of a handcrafted look with engineered precision.

20mm Frame Options

Blonde Oak **Wm**

Ecru Oak **Wm**

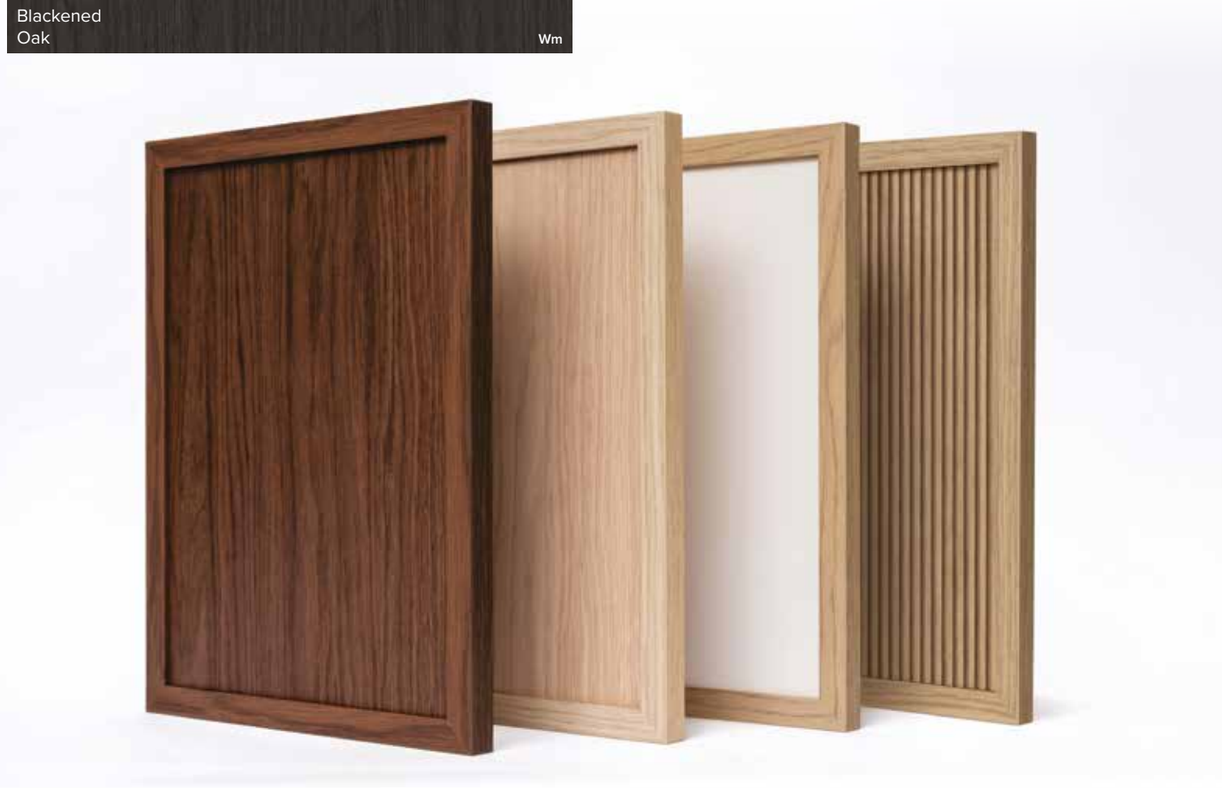
Boston Oak **Wm**

Manor Oak **Wm**

Tasmanian Oak **Wm**

Rubra Oak **Wm**

Blackened Oak **Wm**



Available finishes **M** = Matt **Wm** = Woodmatt

polytec swatches and samples represent a small area of the overall colour structure. To view the large colour sample, visit **polytec**.com.au.

Dark coloured surfaces will show fingerprints and require more care and maintenance than lighter coloured surfaces. **polytec** recommends testing a product sample prior to colour selection.

From left to right: Rubra Oak frame with matching insert, Blonde Oak frame with matching insert, Ecru Oak frame with Blossom White Insert, Boston Oak frame with Batten Oak insert.

The selected insert colour continues through to the reverse side of the door, ensuring a consistent finish. Batten Oak insert comes with a Boston Oak rear backing.

Insert Option / Matching

Blonde Oak **Wm**

Ecru Oak **Wm**

Boston Oak **Wm**

Manor Oak **Wm**

Tasmanian Oak **Wm**

Rubra Oak **Wm**

Blackened Oak **Wm**

A streamline design can be achieved by selecting the same frame and insert colour while still highlighting the defined detail of the Vista Door Design. Alternatively, selecting a different frame to insert colour will add visual interest and highlight the joinery's architectural design.

Insert Options / Contrasting

Florentine Walnut **Wm**

Blossom White **Wm**

Silk **Wm**

Amaro **M**

Malt **M**

Bespoke **Wm**

Topiary **M**

Batten Oak **Wm**

Important

Vista Door Design are only available with full rails and cannot be grain matched.

Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour.

To order your free colour sample visit **polytec**.com.au.

polytec swatches and samples represent a small area of the overall colour structure. To view a large colour sample or a full sheet design, visit **polytec**.com.au. The use of our current samples gives the colour and finish that a customer would expect to receive.

Samples are provided for colour and finish selection and **polytec** recommend testing a sample for fingerprint resistance and ease of cleaning. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Some inspiration imagery is digitally rendered and should be used as a guide only.

Complementary Ranges

polytec products are designed to work together, offering adaptable interior solutions. Consistent colours, finishes, and textures allow for easy mixing and matching while maintaining a unified look, simplifying design across residential and commercial spaces.
