

Woodmatt

SOLIDS

polytec

polytec's Woodmatt range has expanded with the introduction of five new solid Woodmatt colours. The solid Woodmatt range draws on the appeal of a painted timber door and teams perfectly with the current timber grain Woodmatt range.

MELAMINE Woodmatt solids L available in LAMINATE

polytec swatches and samples represent a small area of the overall colour structure.
To view the large colour sample, visit www.polytec.com.au.

Refer to the polytec Availability Guide for sheet size and substrate options.

Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au.

The use of our current samples gives the colour and finish that a customer would expect to receive. Samples are provided for colour and finish selection and polytec recommend testing a sample for fingerprint resistance and ease of cleaning. polytec does not guarantee exact colour matches across product ranges due to colour variation in each product group.

Visit www.polytec.com.au for specific care and cleaning information.
