

ALFRESCO & ALUMINIUM framed doors / Care & Maintenance

polytec Alfresco & Aluminium framed doors are manufactured from the highest quality materials and designed to provide years of trouble free service. Whilst your doors are made from the highest quality anodised aluminium extrusion, care should be taken to wipe up spills immediately.

GENERAL CLEANING

polytec Aluminium framed doors should be cleaned by wiping down with a damp soft cloth and warm soapy water. Followed by drying using a soft or microfibre cloth so as not to leave any residue on the door. For more stubborn stains use a mild household cleaning spray. Always ensure you refer to the recommendations provided by the manufacturer of the cleaning product before use.

To ensure that your **polytec** warranty will not be void, DO NOT use any of the following on **polytec** Alfresco & Aluminium framed doors: Commercial Cleaning Products, Abrasive Cleaners, Scouring Pads or Abrasive Papers, Solvents, Thinners, Turpentine (Turps), Ammonia, Bleach, Acetone, Easy-Off BAM!, M.E.K. or any other cleaning agents containing organic solvents or the above mentioned products.

Additionally for Compact laminate inserts

The surface of **polytec**'s Compact laminate is made from a stain-resistant melamine based resin. The toughness and high impermeability of this surface means that **polytec**'s Compact laminate should require no more than wiping with a soft cloth, dampened with plain water or a household detergent mix to remove all common household spills.

Using a mild household spray wipe down the Compact laminate with a soft cloth. Dry using a soft cloth so as not to leave any cleaning solutions on the surface.

You may also use Methylated Spirit on a soft cloth using a circular cleaning motion. Thoroughly clean over the wider area with water and detergent on a damp cloth afterwards to remove any residual Methylated Spirit.

Always ensure that you refer to the recommendations provided by the cleaning product manufacturer before use.

Additionally for Glass and Mirror inserts

Using a mild glass cleaner wipe down the Glass or Mirror inserts with a soft cloth. Dry using a soft cloth so as not to leave any cleaning solutions on the surface.

You may also use warm soapy water on a soft cloth, using a circular cleaning motion. Always ensure that you refer to the recommendations provided by the cleaning product manufacturer before use.

Please note: **polytec** provide a limited seven (7) year warranty on all Alfresco & Aluminium framed door products which ensures against design, workmanship and manufacturing defects. If you detect any problems with your Alfresco & Aluminium framed door product, **polytec** must be notified within seven (7) years from the date your Aluminium framed door product was manufactured. Failure to follow the above care instructions may result in damage to your Alfresco & Aluminium framed door product and void your entitlement to the warranty. **polytec**'s warranty does not cover wear and tear.

For more information refer to the **polytec** Products Limited Warranty Terms & Conditions document.
