

## COMPACT laminate / Care & Maintenance

The surface of **polytec**'s Compact laminate is made from a stain-resistant melamine based resin. The toughness and high impermeability of this surface means that **polytec**'s Compact laminate should require no more than wiping with a soft cloth, dampened with plain water or a household detergent mix to remove all common household spills.

### GENERAL CLEANING

Using a mild household spray wipe down the Compact laminate with a soft cloth. Dry using a soft cloth so as not to leave any cleaning solutions on the surface.

You may also use Methylated Spirit on a soft cloth using a circular cleaning motion. Thoroughly clean over the wider area with water and detergent on a damp cloth afterwards to remove any residual Methylated Spirit.

Always ensure that you refer to the recommendations provided by the cleaning product manufacturer before use.

To ensure that your **polytec** warranty will not be void, DO NOT use any of the following on **polytec** Compact laminate: Commercial Cleaning Products, Abrasive Cleaners, Scouring Pads or Abrasive Papers, Solvents, Thinners, Turpentine (Turps), Ammonia, Bleach, Acetone, Easy-Off BAM!, M.E.K. or any other cleaning agents containing organic solvents or the above mentioned products.

**Please note:** **polytec** provide a limited ten (10) year warranty on all Compact laminate products and a limited ten (10) year warranty on Compact laminate table tops which ensures against design, workmanship and manufacturing defects. If you detect any problems with your Compact laminate, **polytec** must be notified within ten (10) years from the date your Compact product was manufactured. Failure to follow the above care instructions may result in damage to your Compact product and void your entitlement to the warranty. **polytec**'s warranty does not cover wear and tear.

For more information refer to the **polytec** Products Limited Warranty Terms & Conditions document.
