

EVOLUTION doors & panels care

Your **EVOLUTION** doors & panels are manufactured from the highest quality materials and designed to provide years of trouble free service.

Whilst your doors are made from a Moisture Resistant Medium Density Fibreboard (MR MDF) and as with any wood based panel cannot be made totally waterproof, care should be taken to wipe up spills immediately, ensuring the doors are not exposed to high or continuous levels of moisture, steam and humidity.

General Cleaning

Wipe down using a damp soft cloth containing warm, soapy water.

For more stubborn stains, use a good quality streak free glass cleaner as per the manufacturers recommendation. Dry using a soft cloth so as not to leave any residue on the door or panel.

Always ensure that you refer to the recommendations provided by the cleaning product manufacturer before use.

To ensure that your **polytec** warranty will not be void:

DO NOT use any of the following on **polytec EVOLUTION** doors & panels: Commercial Cleaning Products, Abrasive Cleaners, Scouring Pads or Abrasive Papers, Acids and Alkalis, Solvents, Thinners, Turpentine (Turps), Ammonia, Bleach, Acetone, Easy-Off BAM!, M.E.K. or any other cleaning agents containing organic solvents or the above mentioned products.
